Servicio Logístico

LOGISTIC SERVICES / SERVICE LOGISTIQUE

Es muy importante que se revise en la recepción de la mercancía su estado general para poder anotar cualquier incidencia, pérdida, error de bultos, etc. en el talón de agencia (POD). La firma de este talón sin anotaciones indica que la mercancía se entregó en perfecto estado siendo imposible cualquier reclamación posterior a nuestras agencias de transporte.

Para agilizar el proceso, debe informar inmediatamente al departamento logístico del grupo Forés (logistica@fores.es) para poder ofrecerle una solución eficaz y rápida.

It is very important to check the general condition of the goods upon reception in order to record any damage, loss, error of packages, etc. on the Proof of Delivery (POD). Once the POD has been signed without any notes means that the goods have been delivered in perfect conditions and any subsequent claims to our carriers are impossible.

To be able to offer you an effective and fast solution we request that our Logistics Department (logistica@fores.es) gets informed as soon as possible.

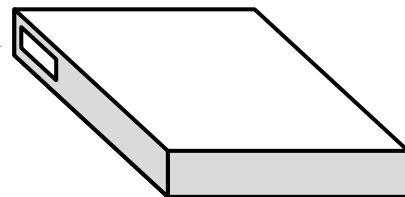

Il est très important de vérifier l'état de la marchandise à sa réception. Toute incidence constatée lors de la livraison, colis manquant, carton abîmé, référence erronée ; doit obligatoirement être indiquée sur la lettre de voiture et/ou sur le bordereau de l'agence (POD).

La signature de ce bordereau, sans portes de réserves, présume que la marchandise a été livrée complète et en parfait état, rendant impossible toute réclamation ultérieure à nos agences de transport.

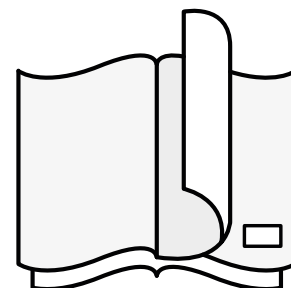

Afin d'accélérer la procédure, et vous offrir ainsi une solution efficace et rapide, vous devez immédiatement informer le département logistique du groupe Forés (logistica@fores.es)
